- 7. Digital skills
- 8. Access to services, awareness-raising

# Capacities

9. E-participation, e-democracy

10. Information security

11. Telecommunications &  
digital infrastructure

12. International cooperation

# MDA Survey

- Responses:
  - 3 completed. Thank you!
  - 11 started / 7 actually entered some data.
- What can be seen:
  - Position variability (director to specialist).
  - Diverse maturity and expectations

**Q: “Digital service provision is the future”**

Only extreme responses:

- Strongly agree
- Strongly disagree

# **Q: “Our MDA is happy with ICT suppliers”**

Generally positive answers.  
Keep good partnership and include them.

But most of ICT related activities are claimed to be in house services.

# Q: “Following ICT policies and security rules”

Poor (5/6)...

...while personal skills on non-ICT staff and ICT-staff is rated good or excellent.

# You can help!

- So we can help you!
- Tõnis had a project plan...

**Let's make  
digital  
transformation  
happen!  
Everywhere.**
